“Dr. Shah was fabulous. He was very personable and his ‘bedside manner’ was an A+. He never made us feel like a ‘number’ to the point of remembering specific details about us personally. Highly recommended!!”

Veronica Kennedy

“We are very blessed to have Christine working as our athletic trainer and with Dr. Bartsokas to help Kara continue to heal and strengthen her knee so that she may continue with her love of sports. Softball is next. Thank you for all your care and attention you’ve given Kara.”

Joyce Spicer

“Dr. Shah never tried to rush him back to football too early. When Michael was released, he knew his ankle was better and ready to go.”

Kathleen Vignos

“Dr. Shah was very good to work with and understand. Billy feels very comfortable with him and knows he is in good hands.”
